ADDITIONAL COMMENTS

This audit was conducted concurrently with Gebbers North, Crane Ranch Packing and Orchards. Both Facilities are under the same ownership, management, and share the same food safety policies.

This audit covers a storage and shipping facility located at 410 Hwy 97 Brewster WA, 98812. The locations are less than half a mile apart.

* Due to scheduling constraints, audit was begun on 11/6/2025 and completed on 11/7/2025.

Conditions Under Which an Automatic "Unsatisfactory" Will be Assessed:

- An immediate food safety risk is present when produce is grown, processed, packed or held under conditions that promote or cause the produce to become contaminated.
- The presence or evidence of rodents, an excessive amount of insects or other pests in the produce during packing, processing or storage of produce.
- Observation of employee practices (personal or hygienic) that have jeopardized or may jeopardize the safety of the produce.
- Falsification of records.
- Answering of Questions P1 or P2 as "NO".

Auditor Completion Instructions

- For clarification and guidance in answering these questions, please refer to the Good Agricultural Practices & Good Handling Practices Audit Verification Program Policy and Instruction Guide.
- Farm/Facility must be in operation during audit. This means for a farm audit, perform the audit while the crop is actively being grown, a field harvest/field harvesting activities audit shall be performed while the product is being harvested, etc.
- Place the point value for each question in the proper column (Yes, No, or N/A).
- Gray boxes in the "N/A" column indicate that question cannot be answered "N/A".
- Any "N/A" or "No" designation must be explained in the comments section.
- The "Doc" column:
 - A "D" indicates that a document(s) is required to show conformance to the question. A document may be a combination of standard operating procedures outlining company policy as well as a record indicating that a particular action was taken.
 - A "R" indicates that a record is required to be kept showing an action was taken.
 - A "P" indicates that a policy/standard operating procedure (SOP) must be documented in the food safety plan in order to show conformance to the question.
